INFORMATION CIRCULAR

To: Members of Permanent Missions to the United Nations
Members of the staff

From: The Assistant Secretary-General for General Services

Subject: REPAIR WORK IN THE UNITED NATIONS GARAGE

1. The purpose of the present circular is to inform staff members and members of Permanent Missions to the United Nations that on 6 January 1992, the second phase of the rehabilitation programme for the United Nations Garage will commence. It is expected to be completed by mid-August 1992.

2. During this phase of the garage rehabilitation programme, the ramp linking the second and third basement levels of the garage will be repaired. Consequently, there will be no vehicular traffic between the second and third basement levels for the duration of the project.

3. Access to the first and second basement levels will be only through the 43rd Street entrance i.e. through the circle in front of the Secretariat Building.

4. Access to the third basement level will be only through the 42nd and 48th Street service entrances.

5. While construction work is going on, approximately 200 parking spaces will not be available and the number of temporary and daily parking permits that will be issued will consequently be reduced. No new permanent parking permits will be issued in 1992 until after the repair work is completed.
